Marie Skłodowska-Curie Actions

IF - Experienced researchers undertaking mobility between countries, optionally to the non-academic sector

ITN - Innovative Training Networks (fellowship)

docential-level training

RISE - International and inter-sectoral cooperation through the Research and Innovation Staff Exchanges

Co-funding - Regional, national and international programs that finance fellowships involving mobility to or from another country

Doctoral programs can be funded
Eligibility:
PhD (or 4 years of research experience)
The researcher must move to another country (mobility rule)

Evaluation Panels

- LS - Life Science (6 subpanels)
- SH - Social Science & Humanities (6 subpanels)
- PH - Physical Sciences & Engineering (10 subpanels)

Evaluation

- The researcher – Intellectual Capacity and creativity, Commitment
- Proposal’s Scientific Excellence:
  - Ground braking nature and potential impact of the project
  - Ambition
  - Feasibility

Duration

- Up to 5 years / Synergy 6 years
Best Brains  Best Ideas

Creative independent thinking

Achievements go beyond the state-of-the-art

Funding ID

Demonstration of leadership
Part B1:
Extended Synopsis (max. 5 pages) → CV (max. 2 pages) → Appendix: funding ID (no page limit) → Early achievements-track record (max. 2 pages)

Part B2:
The Scientific Proposal (max 15 pages) → State of the art → Methodology → Resources

Access to risk finance
Innovation in SMEs
Goal: Develop a collaboration between academia, research institutes, industry, private and public organizations

Funding a Consortium Research - At least 3 partners are needed

Duration: 24-48 months
European framework supporting trans-national cooperation among researchers, engineers and scholars across Europe

COST does not fund research itself, but provides support for networking activities carried out within COST
Thank you,
